Over the past 14 years, Icon Building Group has collectively built and renovated more than 2,000 homes. Its services aren't just limited to ground-up home construction; the firm also provides remodels, additions, design services, and other similar building solutions. In addition to helping clients flavor their homes with fresh kitchen, bathroom, and interior ideas, Icon covers any defects in workmanship and materials for a period of one year. Meanwhile, mechanical and appliance warranties are extended by the manufacturer and normally run for two years.

The creativity, know-how, and technical skills of Icon's tradespeople are an essential resource for homeowners throughout Chicago. The team's detail-driven focus and quality workmanship have allowed it to create accurate representations of diverse ideas and plans. In addition to utilizing an established design-build process, the firm takes an environmentally-conscious approach to construction and value green building sustainable living efforts.
